

Habitat for Humanity® ReStore®

The low-cost DIY store that builds sustainable communities

Partnering with ReStore

When we are being challenged more and more to think about waste and sustainability, Habitat ReStore is a great way for companies and organisations to meet recycling targets and help the local community.

Habitat ReStore is the low-cost DIY store which sells donated new and used building supplies and home improvement materials.

Since opening the first ReStore in Europe in 2012, Habitat has delivered real impacts for the local community. With stores across Northern Ireland and launching in Drogheda in 2022, with plans to scale across Ireland, ReStore enables local people to improve their homes at a price they can afford and raise vital funds.

ReStores also provide opportunities for volunteers of different abilities and backgrounds to grow in skills and confidence. This includes supported placements for those with mental health challenges, learning disabilities, those who are engaged in the justice system or from disadvantaged communities who need extra support to get experience for employment.

The stores also provide a platform for companies and organisations, to be more socially and environmentally responsible and can help achieve recycling targets. Materials donated are not further processed, but reused, which helps build a more sustainable future.

Our impact every year:

45,000
people access
low-cost
materials

1,000
tons of reusable
material diverted
from landfill

100's
of people of all ages,
abilities and backgrounds
learn new skills

Benefits to organisations

Partnering with Habitat means connecting your business with a unique local and global charity brand which provides hands-on impact.

Our relationships can:

- Meet your business goals
- Help deliver sustainability targets*
- Build the company profile
- Create opportunities for your team to engage directly with our impact

*We can provide waste reports to meet your needs.

Promoting our partnership is mutually beneficial and we will acknowledge it in whatever way is appropriate for your company.

This can include:

- Acknowledgement on our website & social media channels (more than 71,000 followers)
- A photo opportunity and press release targeted at relevant media
- Promote your support in our hardcopy newsletter (circulation of approx. 8,000)
- Company logo included on specific Habitat ReStore promotional materials

For your use, we can provide:

- The Habitat ReStore logo
- Graphics for websites, social media and email signatures
- Banners for your company locations e.g. building sites
- Leaflets for distribution

Habitat for Humanity

One in four people in our world do not have a decent place to call home.

Families are forced to live in conditions that are cold and damp, overcrowded or do not have a door that locks.

Simple homes save lives. Families are healthier, children do better in school and parents have a chance to earn a stable income.

Every day, Habitat for Humanity empowers families to build a better future. Projects include building or renovating homes and community centres, and improving access to clean water and sanitation.

We advocate to improve access to affordable shelter and support funding models that enable families with limited resources to make vital improvements to their homes.

In Ireland, we bring people together from across the community to serve the most vulnerable. We raise funds to support long-term partner programmes in some of our world's poorest communities.

Your support will help us reach more families in urgent need of a safe place to live.

volunteer

I've gained so much confidence. Overcoming my depression is a long journey but ReStore has directed me down the right path. Raymond, volunteer

customer

I can't tell you how much it meant to be able to shop in ReStore. Staff were so helpful, I was able to get everything I needed and I could afford it even on my limited budget. Thank you. Habitat ReStore customer

donor

We are delighted to support Habitat's work. By donating end of line stock to ReStore, we serve the local community and help build a more sustainable future.
